

WELCOME TO MY HOME PAGE

How many times have I heard, “*You really ought to write, you do it so well.*” Well, as I approach the second half of my life I am writing and enjoying it thoroughly. Welcome to my Internet home. Among my creations are works of fiction, newspaper feature articles and columns. Come share my world. Browse through the stories, columns and feature articles section and sample the goodies. Click on [how to contact me](#) to learn how to order. Visit my public profile at http://profiles.yahoo.com/tb_w.

I write for the sheer joy of it. My work reflects my view of the world around me. I strive to entertain, energize, uplift, provoke, and challenge. If, when you read what I have written, you feel anything at all, then I have succeeded in my effort to *reach* you. Kick back, relax and enjoy. Experience the reality of my characters. Walk down the bumpy roads and narrow paths they tread in their search for love, passion, friendship, companionship, or a good time.

And let me know what you think. By the way, thanks for stopping by. Come back soon,

Always,

Theresa B-W
